# Remington-UMC

*—the Deliberate Choice of the Great Body of American Sportsmen*

Nowhere else in the whole field of sport do you find the like of the strong public opinion in favor of Remington-UMC.

This Remington-UMC public opinion has been growing for ninety-nine years. Partly it is due to the achievements of Remington-UMC in the design or construction of Arms and Ammunition. But back of these achievements stands the fact that your American is the most practical-minded sportsman in the world.

—and the most loyal to the arms and ammunition that give him the service he has sought to have.

It is this that is holding up the hands of the Remington-UMC dealer—making the *Red Bull* of Remington-UMC the sign of Sportsmen's Headquarters in your town.
